

RD Certificate Number: EWWS493B

Terrain Pleura System

Description

This is an assessment of the Terrain Pleura System which has been designed for the purpose of relieving positive pressures within a drainage soil or waste stack. Comprising of the P.A.P.A. (Positive Air Pressure Attenuator) and Terrain Pleura AAVs, the Terrain Pleura System eliminates the need for the provision of anti-siphon pipework.

P.A.P.A. is a registered trademark owned by Akatherm BV, part of the Aliaxis Group.

Scope of Registration

Due to space limitations, the Registered Detail certificate should be consulted for the full scope of this registration.

Validity

This system has been checked for compliance in accordance with English, Welsh and Scottish Building Regulations LABC Warranty also accepts its use when installed and used in accordance with the Scope and Conditions of the Registered Details Certificate and in relation to LABC Warranty's current Technical Standards.

Registration was first issued on 16/07/15 and is valid until 16/07/22 providing there are no amendments to applicable regulations.

Issue dated 30/07/2019
