

TECHNICAL SEMINAR

OUR SERVICE

LABC Warranty works in partnership with Local Authority Building Control (LABC) to provide secure and reputable structural warranties to some of the largest developers, contractors and housing associations across England and Wales.

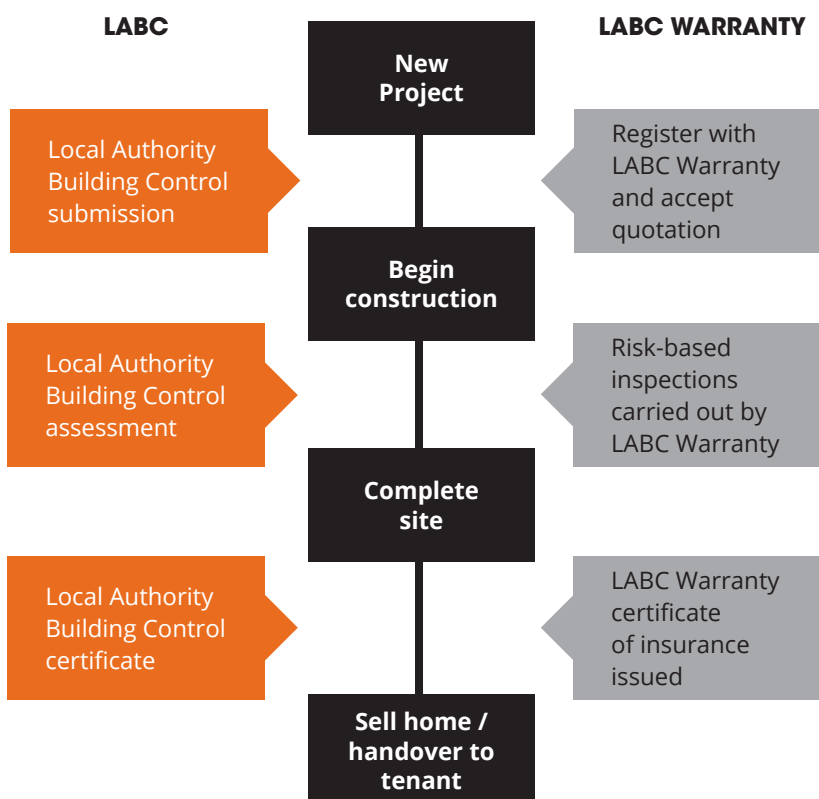

By working with LABC Warranty, you can benefit from technical support, knowledge and peace of mind for the duration of your build.

As a founding member of the Consumer Code for Home Builders, our warranty also gives you extra credibility and protection.

HOW WE WORK WITH LOCAL AUTHORITY BUILDING CONTROL (LABC)

Our unique partnership with LABC means we can provide the combined technical expertise of over 3,700 surveyors to support your structural warranty and building control needs.

Our national network of surveyors work closely with you and your Local Authority Building Control Surveyor to ensure high standards and regulatory compliance throughout the build process.

WHAT WE COVER

Our cover is accepted by all leading UK mortgage lenders helping you and your buyers secure finance easily.

Backed by a panel of 'A' rated insurers, we have the cover and capacity to protect you and your buyers whether you are building a one-off home or a large multi-storey development.

New Homes
Social Housing
Completed Housing
Commercial
