

RD Certificate Number: EW1283B

Up-Way Systems - Effisus Vapour FR membrane

Description

This is an assessment of the Effisus Vapour FR Membrane, a multifunctional vapour barrier made of a special fiberglass fleece which achieves fire reaction of Class A1 itself; and Class A2-s1,d0 when tested as part of a system with Effisus accessories.

The membrane works as a vapour control layer (VCL) reducing condensation risk and improving airtightness and therefore improving energy efficiency. Can be used on façade rainscreen cladding and many other applications to prevent moisture and water transfer.

Scope of Registration

Due to space limitations, the LABC Assured certificate should be consulted for the scope of this registration.

Validity

This product has been checked for compliance in accordance with English Building Regulations.

Registration was first issued on 13/04/22 and is valid until 13/04/23 providing there are no amendments to applicable regulations.

Issue dated 13/04/2022
